

SAFETY EQUIPMENT

Driver Safety Apparel

Safety has always been a prime concern at S & W, but safety doesn't end when your car is finished. S & W stocks driver safety apparel from DJ Safety. Jackets and pants (S.F.I. spec. 3 - 2 A / 5) are in stock in red, blue, and black. S.F.I. approved fire gloves are also in stock in red, blue and black. Other colors are available by special order. Not all colors and sizes may be available at all times. Two styles of S.F.I. approved neck collars are available, a tapered version for open-bodied cars where the driver is seated in a laid-down position and a standard version for the conventional seating arrangement found in full-bodied cars.

SFI 3-2A/5 Jackets & Pants

Item Part #	Description
